COMPANY OVERVIEW

For more than 30 years **KRYDON GROUP** has been at the center of the design, integration and deployment of mission critical standby power and integrated energy storage systems. As a true system integrator, Krydon Group is pleased to offer its customers and industry partners a range of distributed energy solutions and specialized power systems to serve its clients' needs both domestically (CONUS) as well as overseas (OCONUS). Whether supplying products and systems to support mission objectives or rendering invaluable design support, system specification, logistics planning or expert installation services, Krydon Group stands ready to support the ever-growing need for integrated energy solutions.
